A Crookes resident - recently finished studies at Sheffield Uni - has developed a plan for St. Vincent's green space between the car park and Fitzgerald Road. Among other ideas are apple and plum trees, a buckthorn 'butterfly nursery' and building a bug hotel. If you would like to see a map of the proposal and read the plan, it is already on the parish website. We will work on a larger paper version of the map for the narthex. Josh has already been busy raking and sowing and measuring out, but this project will take many months and hopefully involve parishioners of all ages. 6 fruit trees are due to arrive in the next week and help will be needed with spadework....
