Life issues are 'of the moment'.

We know that baby's heartbeat is present from 22 days after fertilisation; spontaneous movement begins from 6-7 weeks; at 8 weeks the baby has fingers, toes, a working digestive system and 90 per cent of his or her body parts have formed; at 10 weeks the baby's heart has already beat over 10 million times. To not even consider reviewing abortion laws in the light of this would be perverse. In the UK laws still permit abortion on demand at 24 weeks – insane.

Padley Pilgrimage is today, Meet 3pm at Grindleford Station for procession to chapel for Mass at 3.30pm- about a 15 minute walk in a beautiful setting. Or join a longer walk from Foxhouse down through Padley Gorge (about 3 miles) and have a picnic on the way. More details to follow.

St Justin Meeting this Monday at 7pm in the hall.

Easter declares death is dead and done with. Yet few are persuaded – deadness is so safe. Its badge is boredom; boredom is un-lived life, security is the groove. The only difference between the grave and the groove is its depth. Fr Hugh Lavery
