

## **Information re 'FORMED' - The Catholic Faith on Demand for Adults, Children and teenagers (NEW)**

This online resource - sometimes dubbed the 'Catholic Netflix' - provides access to a range of materials (films, programmes, books, talks, etc.) relating to the Catholic faith and lifestyle. St. Vincent's parish received some donations towards the year's subscription, and it is now available for parishioners to watch. Just click on the link:

[www.formed.org](http://www.formed.org) and put in the parish postcode 'S10 1GY' rather than the name as our St. Vincent's doesn't come up easily. Please browse through the programme and sample its contents. The organisation behind 'Formed' have offered an orientation meeting to leaders and catechists of the parish to discuss its provision (eg. recommending programming for particular groups, advising on how to use and promote it). If anyone is interested in coming to that can they let Kathleen Baster know ([kathleenbaster@yahoo.com](mailto:kathleenbaster@yahoo.com)) or email Fr Paddy ([crookes@catholicweb.com](mailto:crookes@catholicweb.com))

Kathleen will then try to organise a date for the meeting. It would be great if there could be some small groups watching courses together (remotely) and discussing each episode week by week.
